## Presentation

My grandparents lived in rural houses. The rural houses were made of mud or wood and consisted of one floor. They were usually big and wide. They used carriages for transporting. There were street markets full of every kind of food.

Now, all the houses are tall and high; a building may consist of many floors. There are sometimes balconies and gardens within the house. Most apartments are small. We use public buses for transport. We buy our food at hyper supermarkets.

I put on a blue T-shirt, gray pants, and black shoes. I carried my backpack. Mom and I walked to school. At the school gate,I wanted to cry. I said goodbye and I walked into the classroom. The teacher asked me to sit next to a boy called Marwan. The teacher was very kind. We studied math and played games; it was fun!
